New Multi-media Center inspires better study habits

Multi-media Center, a new name given to the audio visual and library complex, made available to students books, filmstrips, and tapes to supplement their studies in any subject area.

In the day of fast communication and travel, French and Spanish students are given a chance to read, write, and speak in a language other than their own. Listening to tapes and records of native speakers, imitating the pronunciation of the teacher, reading and writing exercises and in the advanced levels, writing original articles in the foreign language are part of the weekly schedule.

"Literature Comes to Life" was the theme chosen by the English Department for their annual assembly.

English classes were able to attend the Civic Theater for a production. The productions of "Romeo and Juliet" and "The Tempest" were seen by the Advanced English class.

Probing minds explore modern science

Science seminars, field trips, experiments, and the return of Mr. Boris Chaleff, Department Head, highlighted the year for the Science Department. Science seminars were attended by Greg Burr, Richard Kraft, Charles Eid, Teddy Stone, and Keith Nusbaum. The seminars were held from October to March, at the Indiana University Medical Center. A Planimeter which is a device that measures area, was added to the wide variety of machines and devices used by the Science department. With hard work and ingenuity, students managed to maintain the high standards which enabled them to win innumerable honors during the Science Fair.

While General Math classes studied powers of ten, Algebra classes went on to the study of the parabola in Mathematics. Under the direction of Mr. Clyde Hochstedler, mathematics has included both basic math and trigonometry. Mr. Gerald Flora used an overhead projector to prove a theorem to his Geometry classes.

artists show their talents by their creations

Two of the most creative outlets offered to student were Art and Music Classes. Whether their talent meant designing paper mobiles, transforming copper into mod jewelry, sketching or painting, teens were made aware of the ability necessary for artistic creation. Beginning art students learned the basic shapes, color schemes, lighting, and numerous other intricate but vital items of artistic know-how. Advanced studies encouraged and developed originality and interested students in any of several possible careers, ranging from interior decoration, fashion design and sculpturing, to commercial artistry and advertising. James Guillaume, Art Department Head encourage students to enter both Scholastic and 500 Festival Art Contest.

Entertainment is one of the many purposes of the Music Department headed by Mrs. Mary Zenor. During the Christmas season, choral groups performed on the Circle, for the Downtown Lion's Club, in church's and in school.

All money raised through band activities, has gone for the purchasing of new uniforms. The band, along with other musical groups performed in the Fall Festival, Christmas programs, and the All City Band Contest.

In Cleaning and Pressing, students are learning technical knowledge by doing the actual work. Training for good paying jobs in local plants encourages trainees to develop speed and efficiency. Each student is taught how to run machines involved in dry cleaning, pressing, and repairing clothing. Students and teachers know when their clothes are cleaned, their belongings are in good hands.

Repairing cars is an experience to boys enrolled in Auto Body. Equipped with the latest tools and supplies, the student-learners spray paint, repair dented fenders, and overhaul the complete car body.

Leather techniques are practiced on belts and other leather items as well as shoes in Shoe Repair classes.

Service Station classes learn the correct way to wash and polish the exterior and clean the interior of cars. Veterans Day Parade major event for band

Directing the band is not an easy task for Mr. Elwin Brittan who has been the director since the band was first formed.

Working hard to earn money for new uniforms was only one part of the many activities which were accomplished this for the Band. The new Drum Majorette, Debbie Spacke along with the other officers helped the band make a good presentation at school functions and Veterans Day Parade. Pep band played for the pep sessions and ball games.

Mixed Ensemble is ten years old. Members were required to furnish outfits. Girls purchased material and made navy-blue jumpers and light blue blouses. While the boys purchased grey pin stripped pants and blue shirts and ties.

Many hours were spent in preparing for Christmas and social events by the Senior Choir. Fund raising for scholarships and other necessities of the music department was made easier by selling candy bars during school. Annual programs included the Principal's Luncheon, Fall Festival, and Spring Concert were given by the members of the choir.

Accomplished musicians are rewarded for the time and effort they put into their music groups by receiving an invitation to join Tri-M.

Glen Miller served Woodchucks for 16 years

Serving as vice principal of Wood since the birth of the school 15 years ago, upon the resignation of Mr. Richard Emery, Mr. Miller was appointed principal. Immediately he began taking over the duties of the school; programming events, selecting new staff members, and establishing policies for students and staff.

Returning to the school after a prolonged absence due to a heart attack suffered in the early fall, Mr. Miller was again serving the youth to which he had devoted his life. After a full day's work on January 29, Mr. Miller was fatally striken.

On February 2, 1970, Wood held a memorial service in the Auditorium, for a principal, gentleman, scholar, teacher, and friend. In the words of J. Hartt Walsh, Ph. D. who delivered the tribute and eulogy, "The best monument you students and faculty could erect to the memory of Glenn Robert Miller would be to emulate that fine and good man in thought and deed with vision, imagination, courage, patience, tolerance, dedication, and understanding."

Administrators create individualized programs for all needs

Many new administrative staff members worked helping students with their class schedules and individual problems. Newly appointed staff members find the challenge exciting and rewarding.

Vice principals, Mr. Thomas Jett and Mr. James Mosby assist students with advice for forthcoming student activities. Mr. Mosby was appointed vice principal after having served as Social Studies Department Head for five years.

Carrying out a new policy of issuing blue slips, handling the problems of individual students, and working with the staff as coordinators of student discipline are the Deans.

Newly appointed Dean of Boys, was Mr. Faburn DeFrantz with Mr. Bruce Wilson named as assistant. Mrs. Julia Weir was appointed assistant Dean of Girls to work with Mrs. Patricia Hallagan, Dean of Girls.

RCA

Getting an education isn't the easiest thing in the world. It's hard work. It's expensive. It takes time. But it pays off in big dividends for everybody.

Indiana is one big campus. From Michigan City to Madison . . . from Richmond to Terre Haute—Indiana boasts hundreds of educational institutions of every size, teaching every subject imaginable.

RCA knows this. It's one of the reasons why RCA's home is in Indiana. We're always looking for top-flight people to help keep us in the forefront of the dynamic, ever-changing world of electronics and communications.

Education is not only the framework on which society is built, but the measure of its progress as well. Education also helps determine the accomplishments of the individual. That's why we hope that if you're in school—you'll stay there. Both of us will be richer for it.

1970 WOOD LOG STAFF

Thank You for
Your Purchase

We would like to extend our deep appreciation for the hard work and many hours that Mrs. Dixie J. McDonough has put into the 1970 Wood Log. The yearbook staff would not have been able to complete the Wood Log without the helpful assistance of Mrs. McDonough. The staff would also like to thank her husband and family for understanding the many hours that she had to spend away from them. Once again we would like to say, "thanks for a job well done."

Each part makes a whole . . . 1970 WOOD LOG

With the eyes of 2,500 students,
is seen the end of a school year.
The final bell has rung and
vacation has begun.
From September to March,
a small office has been filled
with people,
pictures,
clusters of paper,
and plenty of frustration,
trying to capture in print
a year's activities in the
1970 WOOD LOG.
Through pictures
taken by the camera
and words written
with a pen,
the WOOD LOG staff
has recorded for all seniors
memories of their school days
at Wood High School.
As for new
and returning students,
the LOG will serve
as a guide into the future
by remembering the past.
